1. Executive Topological Architecture: The Three-Chokepoint Sovereign & Corporate Nexus

United States and cross-border corporate operations rely on three interlocking institutional layers that govern legal existence, network identity, and monetary settlement:

1. **Statutory Legal Domicile & Service-of-Process Chokepoint (Wilmington & Lewes, Delaware):** Under Title 8 of the Delaware Code (Delaware General Corporation Law), every domestic and foreign corporation or limited liability company registered in the state maintains a statutory registered office and registered agent for service of legal process and official state correspondence (Technical.ly, Delaware Division of Corporations). Two high-density commercial nodes anchor this layer:
2.
    - **The Corporation Trust Center (1209 North Orange Street, Wilmington, DE 19801)**, operated by **The Corporation Trust Company (CT Corporation)**, a wholly owned subsidiary of **Wolters Kluwer United States Inc.** and **Wolters Kluwer N.V.** (EURONEXT: WKL), serves as the statutory registered office for **285,000 to 300,000 separate American and foreign corporate entities**, including 68% of Fortune 500 corporations and **GoDaddy Inc.** (Wikipedia — Corporation Trust Center, Wolters Kluwer CT Corporation, SEC Filing EX-3.1).
    -
    - **Harvard Business Services, Inc. (16192 Coastal Highway, Lewes, DE 19958, delawareinc.com)**, founded on March 2, 1981 by **Richard H. Bell, II** and led by President **Michael J. Bell**, has formed **over 400,000 Delaware corporations and LLCs** from its 10,000-square-foot Sussex County headquarters while operating concurrently as a Delaware Statutory Registered Agent with direct electronic filing access to the Delaware Division of Corporations and as a **U.S. Postal Service Authorized Commercial Mail Receiving Agency (CMRA)** (Harvard Business Services About Us, Laramie Ledger 2026 Audit, Delaware Remote Access Agents).

    -
3. **DNS Namespace & WHOIS Beneficial Ownership Proxy Chokepoint (100 S. Mill Ave, Suite 1600, Tempe, AZ 85281): GoDaddy Inc.** (NYSE: GDDY, SEC CIK 0001609711)—itself a Delaware corporation domiciled via **The Corporation Trust Company at 1209 Orange Street, Wilmington, DE 19801**—operates both **Domains By Proxy, LLC** (DomainsByProxy.com) and **GoDaddy Corporate Domains, LLC** (gcd.com, IANA Registrar ID #3786) from its headquarters at **100 S. Mill Ave, Suite 1600, Tempe, AZ 85281** (GoDaddy FY2025 Form 8-K, GoDaddy Domain Name Proxy Agreement, IANA Registrar IDs). **Domains By Proxy, LLC** substitutes its own corporate name and the 100 S. Mill Ave, Suite 1600, Tempe, AZ 85281 address in public ICANN WHOIS/RDAP registries across millions of domains, while **GoDaddy Corporate Domains, LLC** (integrated with Brandsight RDAP infrastructure at https://rdap.brandsight.com) provides enterprise registrar lock and DNS management for institutional and financial domain portfolios (GoDaddy WHOIS Directory Help, GoDaddy Corporate Domains Terms).
4.
5. **Wholesale Central Bank Money Settlement & Monetary Clearing Chokepoint (33 Liberty Street, New York, NY 10045 / newyorkfed.org):** The **Federal Reserve Bank of New York (FRBNY)**, led by President and CEO **John C. Williams** and First Vice President **Sushmita Shukla**, executes open market operations for the entire Federal Reserve System and holds the **System Open Market Account (SOMA)** portfolio valued at **$6,360,519,997,880.20** ($6.36 trillion) as of October 7, 2026, within total Federal Reserve System assets (WALCL) of **$6,747,560 million** ($6.75 trillion) (Federal Reserve System — FRBNY, FRBNY 2024 Audited Financial Statements, Fed Gazette SOMA Tracker). FRBNY and the Reserve Banks operate the **Fedwire Funds Service** (real-time gross settlement up to **$9,999,999,999.99** per payment order, migrated to **ISO 20022** in July 2025 and scheduled for **22x6** expansion under **Federal Register Docket No. OP-1870, 90 FR 51356**) and the **National Settlement Service (NSS)** (multilateral net settlement up to **$9,999,999,999,999.99** per file), adjacent to CT Corporation's U.S. corporate headquarters at **28 Liberty Street, New York, NY 10005** (Federal Register 90 FR 51356, Wikipedia — Corporation Trust Center).

2.3 Causal Chronology of Acquisitions, Divestments, and Statutory Operations

- **1892–1995 (Formation and Acquisition by Wolters Kluwer):** Founded in New Jersey in 1892 as the **Corporation Trust Company** to incorporate and qualify U.S. corporations across state jurisdictions, opening its New York headquarters in 1899. In **1995**, **Wolters Kluwer N.V.** acquired **CT Corporation** and **Commerce Clearing House (CCH)**, consolidating U.S. statutory registered agent infrastructure with federal tax and regulatory publishing (Wikipedia — Corporation Trust Center).
-

- **2002–2012 (Expansion of 1209 Orange Street Cluster):** In 2002, CT Corporation acquired **Business Filings, Inc. (BizFilings)** in Madison, Wisconsin. By June 2012, investigative audits documented **285,000 separate corporations** sharing **1209 North Orange Street, Wilmington, DE 19801**—including **Google Inc.**, **Apple Inc.**, **Walmart Inc.**, **General Motors Company**, **The Coca-Cola Company**, **Verizon Communications Inc.**, **American Airlines**, and more than **400 subsidiaries of Deutsche Bank AG**—with state-level holding company structures at the facility accounting for an estimated **$9.5 billion** in avoided state corporate taxes over the preceding decade ("the Delaware loophole") (Wikipedia — Corporation Trust Center).
- **January 1, 2024 – March 2025 (Corporate Transparency Act BOI Monetization & Suspension Impact):** Wolters Kluwer FCC launched its **Beneficial Ownership Information (BOI)** compliance platform inside **CT Corporation** on January 1, 2024 to monetize mandatory FinCEN filings under the U.S. Corporate Transparency Act (CTA). Following the **March 2025 federal suspension of CTA enforcement**, Wolters Kluwer FCC recorded a direct reduction in BOI recurring and transactional revenues, slowing FCC organic revenue growth to **3% in FY2025** (Wolters Kluwer BOI Launch, Wolters Kluwer 2025 Full-Year Report).
- **March 13, 2025 (Acquisition of Registered Agent Solutions, Inc. — RASi):** To consolidate the U.S. middle-market registered agent sector, **Wolters Kluwer Financial & Corporate Compliance** acquired **Registered Agent Solutions, Inc. (RASi)**—headquartered at **5900 Balcones Dr, Suite 100, Austin, TX 78731** with 180 employees across all 50 states—for **€386 million in cash**, integrating RASi directly into **CT Corporation Legal Services** (Wolters Kluwer 2025 Full-Year Report Note 6, Laramie Ledger 2026 Audit).
- **March 20, 2025 – June 15, 2026 (Eurobond Debt Issuances & Share Capital Reductions):** Wolters Kluwer issued a **€500 million 7-year senior unsecured Eurobond** (3.375% coupon, Moody's A3) on March 20, 2025, a **€500 million 5-year Eurobond** (3.000% coupon, S&P A-) on June 30, 2025, and priced an additional **€500 million 7-year Eurobond** on June 15, 2026, while executing **€1,100 million** in share buybacks during 2025 (canceling 6.0 million treasury shares on September 19, 2025 and completing a further share capital reduction on September 18, 2026) (Wolters Kluwer 2025 Full-Year Report Note 7 & Note 8, Wolters Kluwer 2025 Annual Report Release).
- **December 1, 2025 (Divestment of Finance, Risk & Regulatory Reporting Unit to Regnology):** Wolters Kluwer FCC divested its **Finance, Risk & Regulatory Reporting (FRR)** unit to **Regnology** for **€419 million** total consideration (**€399 million** net cash received in 2025), booking a **€232 million** pre-tax disposal gain in FCC IFRS operating profit (Wolters Kluwer 2025 Full-Year Report Note 6).

3. Entity 2: Harvard Business Services, Inc. (delawareinc.com, 16192 Coastal Highway, Lewes, DE 19958)

3.1 Institutional Identity, Governance, and Dual Regulatory Classification

Delaware Remote Access Agents, Laramie Ledger 2026 Audit

3.2 Causal Mechanism: Statutory Formation vs. Financial Clearing KYB Screening

- **Direct State Registry Integration & Multi-State SEC Footprint: Harvard Business Services, Inc.** maintains a direct electronic filing link with the Delaware Division of Corporations in Dover, executing same-day Certificates of Incorporation and Certificates of Formation that appear across U.S. Securities and Exchange Commission (SEC) EDGAR filings (including Regulation A, Form D, and S-1 exhibits such as CIK 0002032967, CIK 0001948667, and CIK 0001750939) and cross-state corporate registrations in Massachusetts, New Mexico, California, Rhode Island, Vermont, and Maryland (SEC EDGAR CIK 0002032967, SEC EDGAR CIK 0001948667, Laramie Ledger 2026 Audit).
-
- **Dual KYB Exclusion Trigger in Financial Clearing Pipelines:** Because **16192 Coastal Highway, Lewes, DE 19958** is simultaneously registered in the Delaware Division of Corporations agent directory and the **U.S. Postal Service CMRA database** (via Form 1583 mail-forwarding operations), automated banking and payment-processor KYB engines (including Stripe Issuing, Stripe Treasury, Opal, and Middesk KYB) classify the address under two simultaneous restriction codes when submitted as a principal place of business: `invalid_address_registered_agent_address` and `invalid_address_cmra_address`, enforcing a 30-day remediation window before disabling payment and treasury capabilities (Laramie Ledger 2026 Audit, Harvard Business Services Mail Forwarding).

4.3 Causal Mechanism: WHOIS Beneficial Ownership Masking & Agentic DNS Control

- **Domains By Proxy, LLC Masking Architecture:** When a registrant enables GoDaddy Domain Privacy ("On" or "Limited"), **Domains By Proxy, LLC** becomes the contractual Registrant of Record in the public ICANN WHOIS/RDAP directory, publishing DomainsByProxy.com, 100 S. Mill Ave, Suite 1600, Tempe, Arizona 85281 while holding the beneficial owner's identity, billing records, and IP logs inside GoDaddy Operating Company, LLC's internal databases (GoDaddy WHOIS Directory Help, GoDaddy Proxy Agreement).
-
- **GoDaddy Corporate Domains, LLC (IANA #3786) & Brandsight Integration:** Operating under ICANN accreditation #3786, **GoDaddy Corporate Domains, LLC** (gcd.com) and **Brandsight** manage high-value institutional, corporate, and financial domain names, isolating registry lock status and DNSSEC keys from retail registrar channels (ICANN Accredited Registrars, IANA Registrar IDs, GCD Terms of Use).
-
- **2026 Agent Name Service (ANS) & Agentic Resource Discovery (ARD) Expansion:** In February 2026, GoDaddy integrated its **Agent Name Service (ANS)** with **Salesforce's MuleSoft Agent Fabric**, and in Q2 2026 announced the contribution of ANS to the **Linux Foundation** alongside co-developing **Agentic Resource Discovery (ARD)** with **Cisco, Databricks, GitHub, Google, Hugging Face, Microsoft, Nvidia, Salesforce, ServiceNow, and Snowflake** to bind cryptographic identity and DNS resolution to autonomous software agents (GoDaddy FY2025 Form 8-K, GoDaddy Q2 2026 Form 8-K).

United States and cross-border corporate operations rely on three interlocking institutional layers that govern legal existence, network identity, and monetary settlement:

1. **Statutory Legal Domicile & Service-of-Process Chokepoint (Wilmington & Lewes, Delaware):** Under Title 8 of the Delaware Code (Delaware General Corporation Law), every domestic and foreign corporation or limited liability company registered in the state maintains a statutory registered office and registered agent for service of legal process and official state correspondence (Technical.ly, Delaware Division of Corporations). Two high-density commercial nodes anchor this layer:
2.
    - **The Corporation Trust Center (**1209 North Orange Street, Wilmington, DE 19801**)**, operated by **The Corporation Trust Company (CT Corporation)**, a wholly owned subsidiary of **Wolters Kluwer United States Inc.** and **Wolters Kluwer N.V.** (EURONEXT: WKL), serves as the statutory registered office for **285,000 to 300,000 separate American and foreign corporate entities**, including 68% of Fortune 500 corporations and **GoDaddy Inc.** (Wikipedia — Corporation Trust Center, Wolters Kluwer CT Corporation, SEC Filing EX-3.1).
    -
    - **Harvard Business Services, Inc. (**16192 Coastal Highway, Lewes, DE 19958**,** delawareinc.com**)**, founded on March 2, 1981 by **Richard H. Bell, II** and led by President **Michael J. Bell**, has formed **over 400,000 Delaware corporations and LLCs** from its 10,000-square-foot Sussex County headquarters while operating concurrently as a Delaware Statutory Registered Agent with direct electronic filing access to the Delaware Division of Corporations and as a **U.S. Postal Service Authorized Commercial Mail Receiving Agency (CMRA)** (Harvard Business Services About Us, Laramie Ledger 2026 Audit, Delaware Remote Access Agents).
    -
3. **DNS Namespace & WHOIS Beneficial Ownership Proxy Chokepoint (**100 S. Mill Ave, Suite 1600, Tempe, AZ 85281**): GoDaddy Inc.** (NYSE: GDDY, SEC CIK 0001609711)—itself a Delaware corporation domiciled via **The Corporation Trust Company at** 1209 Orange Street, Wilmington, DE 19801—operates both **Domains By Proxy, LLC** (DomainsByProxy.com) and **GoDaddy Corporate Domains, LLC** (gcd.com, IANA Registrar ID #3786) from its headquarters at **100 S. Mill Ave, Suite 1600, Tempe, AZ 85281** (GoDaddy FY2025 Form 8-K, GoDaddy Domain Name Proxy Agreement, IANA Registrar IDs). **Domains By Proxy, LLC** substitutes its own

corporate name and the 100 S. Mill Ave, Suite 1600, Tempe, AZ 85281 address in public ICANN WHOIS/RDAP registries across millions of domains, while **GoDaddy Corporate Domains, LLC** (integrated with Brandsight RDAP infrastructure at https://rdap.brandsight.com) provides enterprise registrar lock and DNS management for institutional and financial domain portfolios (GoDaddy WHOIS Directory Help, GoDaddy Corporate Domains Terms).

United States and cross-border corporate operations rely on three interlocking institutional layers that govern legal existence, network identity, and monetary settlement:

1. **Statutory Legal Domicile & Service-of-Process Chokepoint (Wilmington & Lewes, Delaware):** Under Title 8 of the Delaware Code (Delaware General Corporation Law), every domestic and foreign corporation or limited liability company registered in the state maintains a statutory registered office and registered agent for service of legal process and official state correspondence ([Technical.ly](https://technical.ly/entrepreneurship/1209-n-orange-street-epstein-files/), [Delaware Division of Corporations](https://corp.delaware.gov/agents/)). Two high-density commercial nodes anchor this layer:
   - **The Corporation Trust Center (`1209 North Orange Street, Wilmington, DE 19801`)**, operated by **The Corporation Trust Company (CT Corporation)**, a wholly owned subsidiary of **Wolters Kluwer United States Inc.** and **Wolters Kluwer N.V.** (`EURONEXT: WKL`), serves as the statutory registered office for **285,000 to 300,000 separate American and foreign corporate entities**, including 68% of Fortune 500 corporations and **GoDaddy Inc.** ([Wikipedia — Corporation Trust Center](https://en.wikipedia.org/wiki/Corporation_Trust_Center), [Wolters Kluwer CT Corporation](https://www.wolterskluwer.com/en/solutions/ct-corporation/sop-locations), [SEC Filing EX-3.1](https://www.sec.gov/Archives/edgar/data/1524513/000168386320002550/f3196d1.htm)).
   - **Harvard Business Services, Inc. (`16192 Coastal Highway, Lewes, DE 19958-9776`, `delawareinc.com`)**, founded on March 2, 1981 by **Richard H. Bell, II** and led by President **Michael J. Bell**, has formed **over 400,000 Delaware corporations and LLCs** from its 10,000-square-foot Sussex County headquarters while operating

concurrently as a Delaware Statutory Registered Agent with direct electronic filing access to the Delaware Division of Corporations and as a **U.S. Postal Service Authorized Commercial Mail Receiving Agency (CMRA)** ([Harvard Business Services About Us](https://www.delawareinc.com/aboutus/), [Laramie Ledger 2026 Audit](https://laramieledger.com/blog/is-16192-coastal-hwy-lewes-safe-for-my-llc-bank-account/), [Delaware Remote Access Agents](https://corp.delaware.gov/remoteagts-2/)).
2. **DNS Namespace, BGP Routing & WHOIS Beneficial Ownership Proxy Chokepoint (`100 S. Mill Ave, Suite 1600, Tempe, AZ 85281`):** **GoDaddy Inc.** (`NYSE: GDDY`, SEC CIK `0001609711`)—itself a Delaware corporation domiciled via **The Corporation Trust Company at `1209 Orange Street, Wilmington, DE 19801`**—operates both **Domains By Proxy, LLC** (`DomainsByProxy.com`) and **GoDaddy Corporate Domains, LLC** (`gcd.com`, IANA Registrar ID `#3786`) from its headquarters at **100 S. Mill Ave, Suite 1600, Tempe, AZ 85281-3398** across BGP Autonomous System Numbers **AS26496** (`GoDaddy.com, LLC`, hosting 2,218,597 domains across 108,670 IPv4/IPv6 addresses), **AS44273** (`GODADDY-DNS`), **AS398101**, and **AS398790** ([GoDaddy FY2025 Form 8-K](https://www.sec.gov/Archives/edgar/data/1609711/000160971126000008/gddyex991x20251231xq4earni.htm), [GoDaddy Domain Name Proxy Agreement](https://www.godaddy.com/en/legal/agreements/domain-name-proxy-agreement), [IANA Registrar IDs](https://www.iana.org/assignments/registrar-ids), [IPinfo AS26496](https://ipinfo.io/AS26496), [IPinfo AS44273](https://asn.ipinfo.app/AS44273)). **Domains By Proxy, LLC** substitutes its own corporate name and the `100 S. Mill Ave, Suite 1600, Tempe, AZ 85281` address in public ICANN WHOIS/RDAP registries across millions of domains, while **GoDaddy Corporate Domains, LLC** (integrated with Brandsight RDAP infrastructure at `https://rdap.brandsight.com`) provides enterprise registrar lock and DNS management for institutional and financial domain portfolios ([GoDaddy WHOIS Directory Help](https://www.godaddy.com/help/what-shows-in-the-godaddy-whois-directory-330), [GoDaddy Corporate Domains Terms](https://gcd.com/terms-of-use/)).

Williams** and First Vice President **Sushmita Shukla**, executes open market operations for the entire Federal Reserve System and holds the **System Open Market Account (SOMA)** portfolio valued at **$6,360,519,997,880.20$ ** (6.36 trillion) as of October 7, 2026, within total Federal Reserve System assets (`WALCL`) of **$6,747,560 million$ ** (6.75 trillion) ([Federal Reserve System — FRBNY](https://www.federalreserve.gov/aboutthefed/federal-reserve-system-new-york.htm), [FRBNY 2024 Audited Financial Statements](https://www.federalreserve.gov/aboutthefed/files/newyorkfinstmt2024.pdf), [Fed Gazette SOMA Tracker](https://fedgazette.com/fed-balance-sheet/)). 4.3 Causal Mechanism: WHOIS Beneficial Ownership Masking & Agentic DNS Control

- **Domains By Proxy, LLC Masking Architecture:** When a registrant enables GoDaddy Domain Privacy ("On" or "Limited"), **Domains By Proxy, LLC** becomes the contractual Registrant of Record in the public ICANN WHOIS/RDAP directory, publishing `DomainsByProxy.com, 100 S. Mill Ave, Suite 1600, Tempe, Arizona 85281` while holding the beneficial owner's identity, billing records, and IP logs inside GoDaddy Operating Company, LLC's internal databases ([GoDaddy WHOIS Directory Help](https://www.godaddy.com/help/what-shows-in-the-godaddy-whois-directory-330), [GoDaddy Proxy Agreement](https://www.godaddy.com/en/legal/agreements/domain-name-proxy-agreement)).
- **GoDaddy Corporate Domains, LLC (`IANA #3786`) & Brandsight Integration:** Operating under ICANN accreditation `#3786`, **GoDaddy Corporate Domains, LLC** (`gcd.com`) and **Brandsight** manage high-value institutional, corporate, and financial domain names, isolating registry lock status and DNSSEC keys from retail registrar channels ([ICANN Accredited Registrars](https://www.icann.org/en/contracted-parties/accredited-registrars/list-of-accredited-registrars), [IANA Registrar IDs](https://www.iana.org/assignments/registrar-ids), [GCD Terms of Use](https://gcd.com/terms-of-use/)).
- **2026 Agent Name Service (ANS) & Agentic Resource Discovery (ARD) Expansion:** In February 2026, GoDaddy integrated its **Agent Name Service (ANS)** with **Salesforce's MuleSoft Agent Fabric**, and in Q2 2026 announced the contribution of ANS to the **Linux Foundation** alongside co-developing **Agentic Resource Discovery (ARD)** with **Cisco, Databricks, GitHub, Google, Hugging Face, Microsoft, Nvidia, Salesforce, ServiceNow, and Snowflake** to bind cryptographic identity and DNS resolution to autonomous software agents ([GoDaddy FY2025 Form 8-K](https://www.sec.gov/Archives/edgar/data/1609711/000160971126000008/gddyex991x20251231xq4earni.htm), [GoDaddy Q2 2026 Form 8-K](https://www.sec.gov/Archives/edgar/data/1609711/000160971126000087/gddyex991-20260630xq2earni.htm)).

1. Executive Topological Architecture: The Three-Chokepoint Sovereign & Corporate Nexus

United States and cross-border corporate operations rely on three interlocking institutional layers that govern legal existence, network identity, and monetary settlement:

1. **Statutory Legal Domicile & Service-of-Process Chokepoint (Wilmington & Lewes, Delaware):** Under Title 8 of the Delaware Code (Delaware General Corporation Law), every domestic and foreign corporation or limited liability company registered in the state maintains a statutory registered office and registered agent for service of legal process and official state correspondence (Technical.ly, Delaware Division of Corporations). Two high-density commercial nodes anchor this layer:
    - **The Corporation Trust Center (`1209 North Orange Street, Wilmington, DE 19801`)**, operated by **The Corporation Trust Company (CT Corporation)**, a wholly owned subsidiary of **Wolters Kluwer United States Inc.** and **Wolters Kluwer N.V.** (`EURONEXT: WKL`), serves as the statutory registered office for **285,000 to 300,000 separate American and foreign corporate entities**, including 68% of Fortune 500 corporations and **GoDaddy Inc.** (Wikipedia — Corporation Trust Center, Wolters Kluwer CT Corporation, SEC Filing EX-3.1).
    - **Harvard Business Services, Inc. (`16192 Coastal Highway, Lewes, DE 19958`, `delawareinc.com`)**, founded on March 2, 1981 by **Richard H. Bell, II** and led by President **Michael J. Bell**, has formed **over 400,000 Delaware corporations and LLCs** from its 10,000-square-foot Sussex County headquarters while operating concurrently as a Delaware Statutory Registered Agent with direct electronic filing access to the Delaware Division of Corporations and as a **U.S. Postal Service Authorized Commercial Mail Receiving Agency (CMRA)** (Harvard Business Services About Us, Laramie Ledger 2026 Audit, Delaware Remote Access Agents).
2. **DNS Namespace & WHOIS Beneficial Ownership Proxy Chokepoint (`100 S. Mill Ave, Suite 1600, Tempe, AZ 85281`): GoDaddy Inc.** (`NYSE: GDDY`, SEC CIK `0001609711`)—itself a Delaware corporation domiciled via **The Corporation Trust Company at `1209 Orange Street, Wilmington, DE 19801`**—operates both **Domains By Proxy, LLC** (`DomainsByProxy.com`) and **GoDaddy Corporate Domains, LLC** (`gcd.com`, IANA Registrar ID `#3786`) from its headquarters at **100 S. Mill Ave, Suite 1600, Tempe, AZ 85281** (GoDaddy FY2025 Form 8-K, GoDaddy Domain Name Proxy Agreement, IANA Registrar IDs). **Domains By Proxy, LLC** substitutes its own corporate name and the `100 S. Mill Ave, Suite 1600, Tempe, AZ 85281` address in public ICANN WHOIS/RDAP registries across millions of domains, while **GoDaddy Corporate Domains, LLC** (integrated with Brandsight RDAP infrastructure at `https://rdap.brandsight.com`) provides enterprise registrar lock and DNS management for institutional and financial domain portfolios (GoDaddy WHOIS Directory Help, GoDaddy Corporate Domains Terms).

3. **Wholesale Central Bank Money Settlement & Monetary Clearing Chokepoint (`33 Liberty Street, New York, NY 10045` / `newyorkfed.org`):** The **Federal Reserve Bank of New York (FRBNY)**, led by President and CEO **John C. Williams** and First Vice President **Sushmita Shukla**, executes open market operations for the entire Federal Reserve System and holds the **System Open Market Account (SOMA)** portfolio valued at **$6,360,519,997,880.20** ($6.36 trillion) as of October 7, 2026, within total Federal Reserve System assets (`WALCL`) of **$6,747,560 million** ($6.75 trillion) (Federal Reserve System — FRBNY, FRBNY 2024 Audited Financial Statements, Fed Gazette SOMA Tracker). FRBNY and the Reserve Banks operate the **Fedwire Funds Service** (real-time gross settlement up to **$9,999,999,999.99** per payment order, migrated to **ISO 20022** in July 2025 and scheduled for **22x6** expansion under **Federal Register Docket No. OP-1870, 90 FR 51356**) and the **National Settlement Service (NSS)** (multilateral net settlement up to **$9,999,999,999,999.99** per file), adjacent to CT Corporation's U.S. corporate headquarters at **28 Liberty Street, New York, NY 10005** (Federal Register 90 FR 51356, Wikipedia — Corporation Trust Center).

2.3 Causal Chronology of Acquisitions, Divestments, and Statutory Operations

- **1892–1995 (Formation and Acquisition by Wolters Kluwer):** Founded in New Jersey in 1892 as the **Corporation Trust Company** to incorporate and qualify U.S. corporations across state jurisdictions, opening its New York headquarters in 1899. In **1995**, **Wolters Kluwer N.V.** acquired **CT Corporation** and **Commerce Clearing House (CCH)**, consolidating U.S. statutory registered agent infrastructure with federal tax and regulatory publishing (Wikipedia — Corporation Trust Center).
- **2002–2012 (Expansion of 1209 Orange Street Cluster):** In 2002, CT Corporation acquired **Business Filings, Inc. (BizFilings)** in Madison, Wisconsin. By June 2012, investigative audits documented **285,000 separate corporations** sharing **1209 North Orange Street, Wilmington, DE 19801**—including **Google Inc.**, **Apple Inc.**, **Walmart Inc.**, **General Motors Company**, **The Coca-Cola Company**, **Verizon Communications Inc.**, **American Airlines**, and more than **400 subsidiaries of Deutsche Bank AG**—with state-level holding company structures at the facility accounting for an estimated **$9.5 billion** in avoided state corporate taxes over the preceding decade ("the Delaware loophole") (Wikipedia — Corporation Trust Center).
- **January 1, 2024 – March 2025 (Corporate Transparency Act BOI Monetization & Suspension Impact):** Wolters Kluwer FCC launched its **Beneficial Ownership Information (BOI)** compliance platform inside **CT Corporation** on January 1, 2024 to monetize mandatory FinCEN filings under the U.S. Corporate Transparency Act (CTA). Following the **March 2025 federal suspension of CTA enforcement**, Wolters Kluwer FCC recorded a direct reduction in BOI recurring and transactional revenues, slowing FCC organic revenue growth to **3% in FY2025** (Wolters Kluwer BOI Launch, Wolters Kluwer 2025 Full-Year Report).

- **March 13, 2025 (Acquisition of Registered Agent Solutions, Inc. — RASi):** To consolidate the U.S. middle-market registered agent sector, **Wolters Kluwer Financial & Corporate Compliance** acquired **Registered Agent Solutions, Inc. (RASi)**—headquartered at **5900 Balcones Dr, Suite 100, Austin, TX 78731** with 180 employees across all 50 states—for **€386 million in cash**, integrating RASi directly into **CT Corporation Legal Services** (Wolters Kluwer 2025 Full-Year Report Note 6, Laramie Ledger 2026 Audit).
- **March 20, 2025 – June 15, 2026 (Eurobond Debt Issuances & Share Capital Reductions):** Wolters Kluwer issued a **€500 million 7-year senior unsecured Eurobond** (3.375% coupon, Moody's A3) on March 20, 2025, a **€500 million 5-year Eurobond** (3.000% coupon, S&P A-) on June 30, 2025, and priced an additional **€500 million 7-year Eurobond** on June 15, 2026, while executing **€1,100 million** in share buybacks during 2025 (canceling 6.0 million treasury shares on September 19, 2025 and completing a further share capital reduction on September 18, 2026) (Wolters Kluwer 2025 Full-Year Report Note 7 & Note 8, Wolters Kluwer 2025 Annual Report Release).
- **December 1, 2025 (Divestment of Finance, Risk & Regulatory Reporting Unit to Regnology):** Wolters Kluwer FCC divested its **Finance, Risk & Regulatory Reporting (FRR)** unit to **Regnology** for **€419 million** total consideration (**€399 million** net cash received in 2025), booking a **€232 million** pre-tax disposal gain in FCC IFRS operating profit (Wolters Kluwer 2025 Full-Year Report Note 6).
- **February 4, 2026 (Federal Epstein Files Disclosure — 108 Mentions of 1209 Orange St):** In the February 2026 federal release of Jeffrey Epstein investigative files, **1209 Orange Street, Wilmington, DE 19801** appeared **108 times** across corporate due-diligence reports and certificates of formation as the statutory registered agent office for Delaware-incorporated entities linked to the investigation (Technical.ly 1209 Orange St Report).

Delaware Remote Access Agents, Laramie Ledger 2026 Audit

3.2 Causal Mechanism: Statutory Formation vs. Financial Clearing KYB Screening

- **Direct State Registry Integration & Multi-State SEC Footprint: Harvard Business Services, Inc.** maintains a direct electronic filing link with the Delaware Division of Corporations in Dover, executing same-day Certificates of Incorporation and Certificates of Formation that appear across U.S. Securities and Exchange Commission (SEC) EDGAR filings (including Regulation A, Form D, and S-1 exhibits such as CIK `0002032967`, CIK `0001948667`, and CIK `0001750939`) and cross-state corporate registrations in Massachusetts, New Mexico, California, Rhode Island, Vermont, and Maryland (SEC EDGAR CIK 0002032967, SEC EDGAR CIK 0001948667, Laramie Ledger 2026 Audit).
- **Dual KYB Exclusion Trigger in Financial Clearing Pipelines:** Because **16192 Coastal Highway, Lewes, DE 19958** is simultaneously registered in the Delaware Division of Corporations agent directory and the **U.S. Postal Service CMRA database** (via Form 1583 mail-forwarding operations), automated banking and payment-processor KYB engines (including Stripe Issuing, Stripe Treasury, Opal, and Middesk KYB) classify the address under two simultaneous restriction codes when submitted as a principal place of business: `invalid_address_registered_agent_address` and `invalid_address_cmra_address`, enforcing a 30-day remediation window before disabling payment and treasury capabilities (Laramie Ledger 2026 Audit, Harvard Business Services Mail Forwarding).

4.3 Causal Mechanism: WHOIS Beneficial Ownership Masking & Agentic DNS Control

- **Domains By Proxy, LLC Masking Architecture:** When a registrant enables GoDaddy Domain Privacy ("On" or "Limited"), **Domains By Proxy, LLC** becomes the contractual Registrant of Record in the public ICANN WHOIS/RDAP directory, publishing `DomainsByProxy.com, 100 S. Mill Ave, Suite 1600, Tempe, Arizona 85281` while holding the beneficial owner's identity, billing records, and IP logs inside GoDaddy Operating Company, LLC's internal databases (GoDaddy WHOIS Directory Help, GoDaddy Proxy Agreement).
- **GoDaddy Corporate Domains, LLC (`IANA #3786`) & Brandsight Integration:** Operating under ICANN accreditation `#3786`, **GoDaddy Corporate Domains, LLC** (`gcd.com`) and **Brandsight** manage high-value institutional, corporate, and financial domain names, isolating registry lock status and DNSSEC keys from retail registrar channels (ICANN Accredited Registrars, IANA Registrar IDs, GCD Terms of Use).
